

### **ERCP Price Quote**

Listed below are the specific billing codes and physician fees associated with Endoscopic Retrograde Cholangiopancreatography (ERCP). ERCPs must be performed in a hospital setting, and as such you will need to contact the hospital where you will be having this procedure to obtain the facility fee and anesthesia fee.

More than one code may appear on your statement. For instance, patients who have stones removed may also require a sphincterotomy.

The actual charge amount allowed by your insurance company and the amount of your out-of-pocket expense will depend on your particular insurance plan. It is important to check your individual policy and direct any questions to your insurer to determine coverage and your financial responsibility prior to receiving treatment.
